**Subject:** FW: Request for paragraph and timeframe for completion of activities by January 15

Linda,

Would you be able to help me to set this meeting up as soon as possible? In addition to the folks identified below, it would be good to include Jerry Blancato and Tom Scheitlin as optional.

Wayne,

It looks like the ante has been raised on this effort. A lot of this will be out of our/my control dependent on how program offices respond. I suggest a meeting/discussion that includes Mike Barrette, Alex Montilla, Andy Gillespie, and Mike Slimak to chart a path forward and be sure that we are all aware of timeline and obstacles.

Tim

Hi Mike,

See the description below. I wouldn't consider this final though I think the tool itself will be part of the list.

Liz

Liz: Do you know what high profile PFAS activity was selected?

Mike

**Subject:** Request for paragraph and timeframe for completion of activities by January 15

Dear all,

The Administration has requested that we provide them with a limited number of high profile activities that we intend to complete in 2020. It's our understanding that they intend to monitor our progress in completing these activities.

For each item, we need a brief paragraph describing the activity and a timeline of when it will be completed. The topics and the POC are listed below. Andy and Andrew, we're hoping that you can identify a single high profile activity that will be completed in 2020 related to PFAS and lead and provide a brief paragraph and timeline.

## **Ex. 5 Deliberative Process (DP)**

I'm hoping you can send me this information by Wednesday, January 15. I'm happy to answer any questions.

Thank you very much.

Liz
